## WHAT IS THE BEST TIME TO GO?

This is dependant on you. If you want to explore the Keurbooms River - a good time is in the morning (around 10:00 am) or in the early afternoon - between 13:00-15:00 pm. The late afternoons can be quite nippy. Alternatively, if you looking to do sundowners, we would reccommend going to the river mouth where you can find a spot on the beach to watch the sunset.

## HOW LONG IS THE BOAT CRUISE?

The boat cruise is approximately 2 hours. Our boat driver will take you where you would like to go and you can take it at your own pace.
